

As we start the new year, the Little Hallingbury Neighbourhood Plan Steering Group are continuing to collect the evidence needed to support the policies for the Neighbourhood Plan.

As part of the consultation process, in addition to residents, we would like to invite comments from those who work and carry out business in the Village. This gives an opportunity to gather comments and seek input to the Plan from a broad range of community interests.

We will shortly be contacting Businesses, Landowners as well as those in charge of Community Facilities in the Village, to better understand what the LHNP might do for these groups.

The Neighbourhood Plan will ultimately outline the planning policies for our Village. It is about the use and development of land and buildings, a method of planning led by the community to ensure local priorities are reflected.
